75/week X 13 weeks = **975**

Income - David

Income rate of 6.00/hour, 8.5 - 9 hours per week, 30 weeks per year. 6/hour X 8.75 hours X 30 weeks = 1.575

So, <u>no</u> prescription expenses are anticipated for the 12-month period following the effective date of the reexamination.

Cubzide Pharmacy states that Mr. Davis has an outstanding balance of \$332, which he is paying in monthly installments. The pharmacy expects this balance to be paid by the end of the year (i.e., 12/31/2003).
